Re: Warren Township GOP Club

I request waiver of a possible fine for late filing of the Pre-Primary Report CFA-4, which was filed last week. The Warren Township GOP Club is not a candidate committee, and is in fact prohibited by its by-laws from supporting candidates prior to the primary election. I was not aware that an organization of this type was required to file this report until notified by the State Election Board, at which time I prepared and filed the required form. I plan to file the required forms timely in the future.

I would appreciate your consideration of this request.
